### For Planners:

Plot your entire novel, including every scene, conflict, and character arc. Hit all the right story beats that keep readers happy. Do it all in one file that you can use on any device. 1

## For Pantsers:

Pants away! After you write a chapter, add it to the tracker and keep on pantsing.

Once your draft is done, you'll have a record of every plot point and character change to make editing easier.

Know exactly what happens and when in your novel. See which story beats you should hit to write the best book you can.

## For Planters:

Use the tracker to fill in the major plot points and character arc beats before writing. Then pants away!

As you write, add each chapter to the tracker. Once your draft is done, you'll have a record of every plot point and character beat to make editing easier.

## When editing:

Use the Book Compass to know exactly what happens in your story and discover places where it lags or misses character beats.

The Book Compass tracker comes pre-filled for a 50 chapter book that follows a three-act story system to help you structure your story in a way that will delight your readers.
